

# KLEEN-PAC AC

Buyer is cautioned to consult with local pomology specialist for information on established safe practice in relation to this product. Buyer must assume all risk of improper storage and application of the product, or it's improper use in combination with other materials. Risks include, but are not limited to, fruit or vegetable damage, and personal injury. Buyer accepts the product with these stated conditions. Anyone not accepting these conditions must return the product in it's unopened container within 5 days after accepting delivery. And, after so returned seller will refund the purchase price.

**DIRECTIONS:**

KLEEN-PAC AC is a special purpose acidic fruit cleaner. KLEEN-PAC AC facilitates the waxing process by removing mineral deposits from the fruit's surface, yet retains good rinsing properties.  
Recommended Dilution: 20 parts water to 1 part KLEEN-PAC AC

**WARNING:**
