**HANDLING AND STORAGE PRECAUTION:**

- Wash thoroughly after handling.
- Do not get in eyes, on skin or clothing.
- Do not breathe dust, vapor, mist or gas.
- Store and use with adequate ventilation.
- Keep away from heat and freezing
- Once opened use the entire contents of container within 15 days.

In case of spill or leak, absorb liquid in vermiculite, sand or any other suitable material. Dispose of according to local regulation.

**Net Contents: 55 gallons**

**DIRECTION FOR USE:**

For post-harvest application on clean apples. To be applied by spraying. Should be used without dilution. Apply at a rate of one gallon of coating to 12,000 pounds of apples. For best results, clean the apples with an appropriate Decco apple cleaner before applying Apl-Lustr®275, or use in Decco Process by or under the supervision of the manufacturer=s personnel.

Once opened use the entire contents of this container within 15 days. Longer storage of opened containers may cause deterioration of the wax and damage to apples treated with it.

**CAUTION:** Condensation may form on apples following their removal from cold storage or for other reasons related to the manner in which they are stored, handled, processed, or packed. Subsequent evaporation of the moisture may cause white spotting of the fruit coating. Because condensation with resultant white spotting can be caused by many variable conditions, all of which are beyond the control of CEREXAGRI, Inc., CEREXAGRI, Inc. assumes no responsibility for white spotting following use of this wax.
